Fees for other miscellaneous permits and commercial work not listed above shall be based on the actual contract value of the work from the Primary Fee Schedule.

ELECTRICAL FEES

Residential: This includes single family dwellings, site-built and modular/factory-built homes, duplexes, condominiums, and townhouses.

Square Footage	Fee
Not more than 1,000 sq. ft.	\$40.00
Over 1,000 sq. ft. and not more than 1,500 sq. ft.	\$45.00
Over 1,500 sq. ft. and not more than 2,000 Sq. ft.	\$55.00
Per 100 sq. ft. in excess of 2,000 sq. ft.	\$3.00

All other electrical fees: Except as provided above, electrical fees shall be computed on the dollar value of the electrical installations including time, material, and contractor profit. Such fees shall be calculated as follows:

Valuation of work:	Fee
Not more than \$300	\$40.00
\$301, but not more than \$2,000	\$45.00
\$2,001, but not more than \$50,000 Per thousand or fraction thereof of total valuation	\$17.00

Construction meter	\$45.00

[Note: Fees are based on the most current version of the fee schedule provided by the State of Colorado Electrical Board, reviewed and adjusted as necessary to maintain +or-15% of the State's fee schedule.]

"SINGLE STOP" PROJECTS

The following fee schedule has been developed for projects that typically require a single inspection. Note that in almost all cases these fees are lower than they would be if calculated by the current method of using the total project valuation. Plan reviews are not necessary for these projects, so Town Hall may issue permits over the counter using the fee schedule below. Many of these projects require that the homeowner be present at the time of inspection. An individual homeowner's schedule will be accommodated as best as possible, but it is the responsibility of the homeowner to make sure someone is available at the site for the inspection if necessary. Since the fees below are based on a "single stop", a re-inspection fee may be assessed if the homeowner is not available, if the work is not readily accessible, or if the work is not complete.

Project	Inspection Fee
Furnace/Air Conditioner	\$47.00
Roof (re-shingle only)	\$47.00
Water heater	\$47.00
Sprinkler system	\$47.00
Siding or window replacement	\$47.00
Fence	\$47.00
Demolition	\$47.00
Re-inspection for any of the above	\$47.00
Water line replacement	\$47.00
Sewer line replacement	\$47.00

For window replacement projects where the window sizes are not changing, this fee schedule applies. However, if window sizes are being changed or structural changes are being made to accommodate new windows, it will be necessary for the building inspection service to perform a plan review on the project, and the fees will be based on the total project valuation.

A reinspection fee will be charged for any of the "flat fee" inspections that cannot be completed when called for.

Section 2. Effective Date. This resolution shall become effective immediately upon adoption.

Section 3. Repealer. All resolutions, or parts thereof, in conflict with this resolution are hereby repealed, provided that such repealer shall not repeal the repealer clauses of such resolution nor revive any resolution thereby.

Section 4. Certification. The Town Clerk shall certify to the passage of this resolution and make not less than one copy of the adopted resolution available for inspection by the public during regular business hours.

INTRODUCED, READ, PASSED, AND ADOPTED THIS 10th DAY OF October, 2005.
