## Agenda Item Summary (AIS)

**MEETING DATE**: May 10, 2021

**SUBJECT:** 3<sup>rd</sup> and Welker Intersection

**PRESENTED BY:** Erika Rasmussen, Public Works Director

#### **SUMMARY**

Staff is requesting the Town of Mead Urban Renewal Authority approve a \$1.25 million funding request for construction of intersection improvements at 3<sup>rd</sup> Street (WCR 7) and Welker Avenue (WCR 34). The preliminary design incorporates left and/or right turn lanes on all legs of the intersection, medians, sidewalk connections, drainage improvements and a traffic signal. The preliminary cost estimate is \$4.3 million.

This intersection is the heart of the downtown area and provides critical connections to I-25, SH 66, Berthoud, Longmont, and Mead's elementary, secondary, and high schools. Four nearby residential developments are expected to significantly increase traffic at this specific location in the very near term: Highlands to the north (227 units), Mead Place (311 units) and Sorrento (454 units) to the south, and Mead Village (387 units) to the west.

In addition to MURA, Town staff is proposing multiple funding sources for this project. Staff is in the process of preparing an application for a CDOT Safer Main Streets Grant for \$2 million due on May 14. The Town has also secured a Safe Routes to School grant to fund portions of the sidewalk connections. The approximately \$1 million balance of the project budget is anticipated to come from Town Transportation Impact Funds, which include additional developer contributions specific to this intersection.

#### FINANCIAL CONSIDERATIONS

The preliminary cost estimate for this project is \$4.3 million. This funding request is for \$1.25 million from MURA, with the balance of the project funds coming from additional grants and Town impact funds.

#### STAFF RECOMMENDATION/ACTION REQUIRED

#### Suggested Motion:

"I move to adopt Resolution No. 01-URA-2021 - A resolution approving the funding request for construction of intersection improvements at the  $3^{rd}$  Street and Welker Avenue intersection."

#### Date

Ms. Erika Rasmussen Town Engineer/Public Works Director Town of Mead 441 3<sup>rd</sup> Street Mead, CO 80542

#### Dear Erika,

I write in support of the Town of Mead's proposal to the Colorado Department of Transportation for a Revitalize Main Street grant to help fund the infrastructure improvement of Third Street and Welker Avenue. The project will eliminate current safety concerns about pedestrian traffic and improve Mead's walkability.

This intersection is in desperate need of improvements and has profound regional importance, specifically impacting students at Mead schools and residents in downtown Mead. The intersection improvements would safely connect children to schools and residents to our regional bike/walking trail.

I strongly support this grant application and the focus of providing a critical link to pedestrian transportation. I am excited about the benefits this project will provide and look forward to the improved mobility of Mead residents.

Sincerely,

## Agenda Item Summary (AIS)

**MEETING DATE**: May 10, 2021

**SUBJECT:** Wayfinding Signage and Branding

**PRESENTED BY:** Lorelei Nelson-Public Information Officer

#### **SUMMARY**

Staff is requesting the Town of Mead Urban Renewal Authority approve a \$100,000 funding request for wayfinding signage and implementation plan. The need for wayfinding signage is directly linked to area growth and is a continuation of the rebranding commitment that was started in 2019. The 2019 budget included \$70,000 which was allocated for consultants and \$100,000 in capital outlay that was earmarked for branding campaign and signage. Of those funds, \$25,375 was utilized on Slate Communications, the consultants who developed the current Mead brand and templates. No funds were used from capital outlay for signage. This signage plan aligns with MURA's effort to brand Mead as a vibrant up-and-coming community striving to preserve a small-town feel, while unifying residents as it grows.

The Town issued the *Request for Proposals for Wayfinding Signage and Implementation* (RFP 2021-005) on February 11, 2021 (the "RFP"), requesting proposals from qualified firms. Nine (9) proposals were received on or before the proposal deadline of March 5, 2021.

Staff reviewed and scored firms based on the selection criteria set forth in the RFP, which included the scope of the services, capabilities of the assigned personnel, availability, cost, and overall team capability. On March 19, 2021, Town Staff unanimously selected Kerestes-Martin Associates, Inc ("Contractor") as the most qualified firm to complete the work. On April 26, 2021, the Town of Mead Board of Trustees approved Resolution 21-R-2021, an agreement for professional services between Kerestes-Martin Associates Inc. and the Town of Mead.

The Town of Mead's principal for locations, design, fabrication, and implementation of signage, including the following:

- Gateway signs;
- Variable message signs;
- Park signs: rules & amenities;
- Pedestrian and bicycle navigation;
- Destination signs: downtown, public sites, municipal facilities

Contractor will establish style guidelines to inform future signage implementation and develop a location plan, including identification and mapping of recommended sign locations. Contractor will also oversee fabrication, installation develop statement of probable cost for fabrication, installation,

and ongoing maintenance of wayfinding signage as specifically set forth in the Agreement and outlined in one or more future project task orders (the "Services").

#### FINANCIAL CONSIDERATIONS

Under the terms of the Agreement, the Services related to each specific phase will be identified in a specific task order ("Task Order"). Each Task Order requires written approval by the Town and will identify: (1) the specific Services to be provided for the Town; and (2) the not-to-exceed amount for the Services related to the specific signage described in the Task Order.

Each Task Order will also require the review and approval of the Finance Director or Town Treasurer to confirm that the not-to-exceed amount for the described has been (or has not been) appropriated for such purposes in the Town's approved budget.

The approved 2021 budget only allocates \$30,000 (11-40-5500, Downtown Impact Fund) for all aspects of wayfinding. Staff will utilize additional impact fee funds in the amount of \$15,000 from Downtown Impact Fee Fund and \$55,000 from the Park and Open Space Impact Fee Fund. These fees were implemented to help reduce the economic burden on Mead when dealing with area growth. Staff is requesting \$100,000 from MURA to complete the total \$200,000 needed.

Signage is an important tool to define Mead from other areas and improve visitor attraction to local businesses. The easier it is for visitors to identify where Town businesses, downtown, and amenities are, the more likely they are to spend time and money in the community. Signage is vital to identify our growing downtown area, Hwy 66 Businesses and highlight our local parks, trails, and municipal services.

#### STAFF RECOMMENDATION/ACTION REQUIRED

Suggested Motion:

"I move to adopt Resolution No. 02-URA-2021 – A resolution approving the wayfinding signage request for an amount not to exceed \$100,000."
